THE STATEMENT OF THE FIRST GENERAL CONFERENCE OF THE CHIN NATIONAL FRONT.

National Politic and People's revolution.

This civil war the Union of Burma is being fought by the oppressed democracy loving people and human right respecting people against and democratic right, but also have launched program in many ways to wipe out the existence of their respective distinct national identities of the Burman or Myanmar above the rest of the nationalities in the Union of Burma. In other words, it is civil war between the military dictatorial government and democracy loving people which, compromise such group as the people of the various nationalities, the students, the religious people, the scholars and the intellectuals, the technocrats, the workers and the farmers.

The reason why the Chin people join hands in participating in this war fare is that it has been clearly seen that their is no other alternative way to be free from the bondage of these military rulers except by participating in the fight against them with any available weapons.

The first essential step to taken for the national freedom if to diminish and the incumbent military dictatorship therefore it is firmly believed that it is the duty of every respectable citizen of the Chin people and all other nationalities to fight against this despotic militarism and fascism as a historical responsibility for the restoration of democracy and self- determination to all the nationalities of the Union of Burma so that nationalities shall live in peaceful co-existence on equal footing and status at lasting peace.

To fulfill this historic duty, we, the Chin National Front, affirmed that we, on behalf of the Chin people as pioneer must fight for the restoration of democracy based on liberty, equality and fraternity Which guarantee free will and self- determination to all nationalities of the union.

Our national politic does not represent one section of the people of one class or one religion or one locality or one ideology. It is represents the whole Chin people.

Therefore in the course of our Chin National Revolution, we are determined unanimously to fight against all the forces which, hinder and oppose democracy and Chin national Inherent Right of self-determination.

Aim and Object.

To establish genuine democracy.

- (1) To regain the inherent rights of the Chin National Self- determination.
- (2) To secure unity of the Chin people and order in Chin National territory.
- (3) To carry out the Chin National interests and develops the cultural life and living standard of the Chi People to gather with their well being in ever prosperity.
